

pureHeat

2-in-1

pureHeat **2-in-1**

Zone Heater and Air Purifier

Heat Only the Occupied Areas of Your Home

Spend your winter in a warm, cozy environment without worrying about an increased heating bill. Zone heat your home with pureHeat and turn your central thermostat down so that you are only heating the occupied areas of your home without creating a dry, stuffy environment.

pureHeat 2-in-1 isn't just a heater! It also purifies the air to reduce odors caused by pets, cooking, smoke, VOC's, and other contaminants. Additionally, the pureHeat case and front grill remain at a low temperature, ensuring safe heating for the entire family. With a compact design and affordable price, pureHeat will fit any home and budget.

Benefits of pureHeat 2-in-1

PTC Infrared Heating

Reduces Odors and VOCs
